Do you provide care and/or activities for school aged children?

Did you know that that activity-based settings such as sports coaching or tuition can register on the voluntary part of the Ofsted Childcare Register: By doing so Parents will know that you meet basic standards designed to safeguard children, and eligible parents will be able to get help with the costs of their childcare through [Working Tax Credit](#). Schools who use external organisations to provide an extended service are encouraged to work only with registered providers. For more information or to register contact [Ofsted](#) on 08456 40 40
